TEN MEN SMOTHERED

Terrible Result of an Explosion in a Mine.

THE COLLIERY SET ON FIRE.

Creek Turned Into the Pit to Extinguish the Flames—It Will Be a Month Before the Thousand Employes Can Go to Work in It Again.

SHAMOKIN, Pa., April 3.—One of the most distressing disasters that ever occurred in the anthracite region followed the explosion of a lamp in the hands of a Hungarian employed in the Neilson colliery, near here, Saturday morning. The colliery, which is operated by J. Langdon & Company, is one of the largest and best known in the region, paying superior wages and furnishing work to its 1,000 employes the year around.

Fire followed the explosion, and the smoke which rushed through the airshafts caught 10 men who had just gone to work in a vein above the scene of the explosion, and smothered them to death. Friday being a holiday, there were not so many men at work as usual. Others for the same reason were late in reaching the mine, and it is owing to these unfortunate facts that the deathlist is not very much larger.

The names of the 10 men killed are as follows:

Nicholas Dutah, leaves a wife and six children.
John Robert, aged 25, single.
John Burr, married, large family of small children, age unknown.
Joseph Boxstrax, aged 28, single.
John Garry, aged 45, married.
Frederick Ginty, aged 35, single.
Frank Shupis, aged 22, single.
John Ryan, aged 35, single.
John Brennan, aged 21, single.
Michael Brennan, aged 25, single.

Although the hardest kind of work was done, it was impossible for the volunteer force to extinguish the flames, which at 2 o'clock communicated to the Red Ash vein. Three hours later orders were issued to turn Carbon Run creek into the mine. This will take a month, and many more months will follow before the mine will be in condition to resume operations. Meanwhile the 1,000 men and boys who have been working in the mine will have to seek employment elsewhere.

The loss to Langdon & Company, the operators of the mine, will reach \$70,000.

The remains of the victims will be buried Tuesday.

CHEROKEE STRIP.

It Will Be Opened For Settlement About the First of July.

TALEQUAH, I. T., April 3.—The opening of the Cherokee strip is an assured fact. After a stormy debate, which lasted all day, the ratification of the amended treaty was passed late Saturday evening by both the house and senate of the national council. Chief Harris will sign it at once, and then nothing will remain to be done but to pay over the money to the delegation which will be appointed to visit Washington in accordance with the terms of the bill.

Congressman Peel gives it as his opinion that the strip can not possibly be thrown open before July 1, as besides the allotments to the Cherokee and the settlement of the intruder questions, the Tonkawa lands will all have to be surveyed. There is general rejoicing here and all along the border over the action of the council, which was more prompt than was looked for.

EXPLOSION AND FIRE.

Cattle Cars Burned and the Stock Perish in the Flames.

OMAHA, April 3.—An accident to a car of oil in the north yards of the Missouri Pacific Railroad company caused an explosion and a disastrous fire yesterday. Two cars loaded with piles were destroyed in the twinkling of an eye and three more cars were ablaze before a stream of water could be placed in service.

Two of these cars contained cattle and one merchandise, and all were totally destroyed. Cattle in other cars were badly scorched, and many of the animals lost their eyes, so hot were the flames and smoke. All along between the tracks where the oil ran was a great sheet of flames, reaching up fully 10 or 12 feet. The total loss will probably amount to \$10,000.

Four Lives Lost.

WINNIPEG, April 3.—Word has just reached here of a frightful accident on the Canadian Pacific a few miles east of Harrison on Thursday, which resulted in the loss of four lives. Among the killed is Mr. Stephen Whyte. Reports to hand are that the engine jumped the track overlooking the Frazer river. The engineer and fireman, seeing that there was no chance of escaping by remaining in the engine cab, jumped for their lives into the deep gorge. The engine at the same moment went down the perpendicular embankment. Nothing was seen of the men after they jumped from the engine. Two others were killed, one of them being Mr. Whyte.

Father and Three Sons Killed.

DES MOINES, April 3.—At LaCrosse, a little town south of Des Moines, a boiler explosion occurred Saturday. The following were killed: Henry Kinness, aged 50, and three sons, Henry Kinness, Jr.; John Kinness and Peter Kinness. How the explosion occurred is not known, as all who were present are dead. Two of the bodies were blown to atoms.

FOREST FIRES.

Great Destruction Being Done Throughout New Jersey.

WATERFORD, N. J., April 3.—Three of the seven forest fires in this vicinity are still raging, and it is estimated that during the past 30 hours \$25,000 worth of property has been destroyed. Thus far only two cabins and a building used to store fertilizers has been burned.

At Pestleton the fire spread in two branches, but it is hoped to save the most valuable property by backfiring.

Brodderick's cranberry bog was partially burned, and valuable timber lands were destroyed at Iron Mills.

At Anconia the flames are spreading towards Elm, which will be saved by the backfiring.

A serious fire is raging at Chesilhurst, many fences and fruit trees having been burned. Several houses were saved by the efforts of the inhabitants.

Around Pleasantville.

PLEASANTVILLE, N. J., April 3.—Forest fires have been burning in this neighborhood since Friday among the pines. At 2 o'clock yesterday it looked as if part of this borough would be destroyed. On the west side of the town the dwellings were saved by the women and children pouring water on the walls and roofs of the houses, while the men fought the flames. Large cinders fell in the very heart of the borough. In West Pleasantville two houses were destroyed. Another fire is said to be approaching from the direction of Absecon. No estimate of the loss has been made.

Among Valuable Timber.

MAYS LANDING, N. J., April 3.—Three destructive forest fires are raging within 10 miles of this town. The largest is at the valuable timber tract between here and Absecon, about eight miles distant. Another is on the Millerville road near Doughty's tavern, also among valuable timber tracts. The third is burning near English meadow. High winds are prevailing. The damage has not been estimated.

SENATE FORECAST.

Prospects of an Adjournment Occurring Next Week.

WASHINGTON, April 3.—The present week in the senate will witness the continuance of the debate on the cases of the senators appointed from the western states, with a probability that before Saturday the vote will be taken. There now appears to be little, if any, reason why the senate can not adjourn as soon as it is notified by the president that he has no further communications to send in.

It is possible, but not likely, that the Roach investigation may be called up by the Republicans this week. The Democrats, however, have resolved not to investigate the allegations so that it is almost certain the matter will in the end be dropped. Considerable time will be spent in confirming President Cleveland's nominations. Thus far the president has had no difficulty in securing the nomination of all his appointments, and there are no indications of any serious trouble over further appointments to final adjournment of the question, which it seems probable will occur next week.

RISEING RIVERS.

Great Destruction Done by Floods in North and South Dakota.

HURON, S. D., April 3.—The Jim river has been rising rapidly the past three days and is now higher than the great freshet of 1882. An immense quantity of stacked hay is submerged, and the cattle sheds have been washed away.

Some of the bridges are either badly damaged or entirely carried away. The cemetery line bridge is under water and the upper arches washed out. The bridges spanning the Cain, Shoe Pearl and other creeks are either damaged or washed away.

Railroad Bridges Washed Away.

MANDAN, N. D., April 3.—Four of the six railroad bridges crossing the Hart river, all within six miles of Mandan, are washed out. Scores of miles of track are gone.

NEWSPAPER OFFICE BURNED.

Subscription Books and Lists Saved and the Paper Not Interrupted.

NEW YORK, April 3.—A fire broke out at 7:30 o'clock yesterday morning on the sixth floor of the Temple Court building, corner of Beekman and Nassau streets, and extended to the two floors above before the firemen were able to get it under control. The building is occupied by offices and is owned by Eugene Kelly. The damage is estimated at about \$10,000, covered by insurance.

The Telegraph Age's publication offices were destroyed. The subscription books and lists were saved. The journal will continue uninterrupted in new headquarters. The origin of the fire is unknown.

Willing to Finish His Work.

WASHINGTON, April 3.—Mr. Robert Porter, the superintendent of the census, said last night he had not resigned as reported, nor had he any intention that his resignation was desired. Mr. Porter has expressed to Secretary Smith his willingness to relinquish at the secretary's pleasure, as there are other matters which require his attention. At the same time he will continue his present work, and has expressed to Secretary Smith his willingness to remain at the head of the office until the work of the 11th census is complete, which he thinks will be next December.

CITY OF MEXICO, April 3.—Macmanus & Sons, bankers of Chihuahua, have suspended, with liabilities of \$1,000,000. The cause of the suspension was land and mining speculations.

ACROSS THE OCEAN.

A Few Happenings in the Old World.

TROUBLE BREWING IN BELGIUM.

Socialists Threaten a Revolution in Case Parliament Refuses to Adopt Universal Suffrage—Plot to Kill Prince Ferdinand of Bulgaria—Other Foreign News.

BRUSSELS, April 3.—The socialists met in convention in Ghent yesterday, principally to determine the attitude of their party in case universal suffrage should be refused them. In the morning 1,000 French socialists, headed by the mayor of Roubaix and several town councilors, left the train amid shouts of a crowd which surrounded the station and marched in a body to the convention hall. On all sides they were greeted with the cry, "Long live the revolution!"

After discussing at length the advisability of a general strike, the congress in the afternoon passed resolutions substantially in harmony with previous declarations on the subject. The resolutions were to the effect that there should be no general strike in Belgium in case the restrictions upon the suffrage should be limited by parliament to questions of age and plurality of votes for heads of families. If, however, parliament should grant a plurality of votes to property owners and holders of university diplomas, the general labor council should be charged to order at once a strike of all laborers in the country.

A GREAT TUNNEL.

One 27 Miles Long Proposed to Connect England and Ireland.

LONDON, April 3.—A proposition is made to connect England and Ireland by a tunnel driven under the North channel of the Irish sea at its narrowest parts, between County Antrim in Ireland and Wigtown in Scotland. The length of the tunnel would be some 27 miles. A number of eminent engineers declare the project entirely feasible. It is admitted the tunnel would not be commercially profitable, but much is claimed for it in the way of natural advantages, and the proposition is that it should be a national undertaking.

Iceberg Fifteen Miles Long.

LONDON, April 3.—Captain Lillia of the British ship John Cooke, which sailed from San Francisco Nov. 1, and reached Queenstown yesterday, reports that on the night of Jan. 14 he saw a full-rigged ship sailing among 50 icebergs. Her destruction, he says, was inevitable. The John Cooke got clear of the icebergs after many hours of peril and several narrow escapes. Captain Lillia estimates the length of the largest iceberg as 15 miles and its height as 700 feet.

Plot to Kill the Prince.

SOFIA, April 3.—A dispatch from Berlin states that three railway officials and four officers have been arrested for having plotted to kill Prince Ferdinand of Bulgaria. Their plan is said to have been that they should blow up with dynamite the train which will carry him this week to Viraggio, where he will be married to Princess Marie Louise, daughter of the Duke of Parma. No confirmation of the dispatch has been received.

Our Minister Protests.

CONSTANTINOPLE, April 3.—The United States minister has protested to the sublime porte against the opening of letters sent to him under the consular seal from Marsovan. Harry R. Newberry, secretary of the United States legation, has started for Marsovan and Caesarea to inquire into the reports of attacks upon Americans in those cities.

Mount Etna Shaken by an Earthquake.

CATANIA, April 3.—A severe earthquake shook the villages in the neighborhood of Mount Etna Saturday. The inhabitants, fearing a destructive outburst of the volcano, fled to the open country. The earthquake already felt was severe enough to cause much damage.

SAILBOAT OVERTURNED.

Four Women Drowned Out of a Party of Ten.

NEW ORLEANS, April 3.—By the overturning of a sailboat on Lake Pontchartrain yesterday afternoon, four persons—Mrs. Mary A. Kelly, Miss Agnes and Mamie Flynn, her nieces, and Miss Effie Kelly—were drowned. Several others who formed the party narrowly escaped a similar fate. The party, consisting of 10 persons, all residing within a stone's throw of each other in this city, had gone to Milneburg, a pleasure resort on the lake shore, for a picnic.

The morning was spent in various sports, and after lunch a sail was proposed. A cat-rigged yawl was hired from a boatkeeper and the party started out, heading for the Spanish light-houses. The weather was fine and Mr. Kelly, who professed himself entirely competent, sailed the boat along merrily. The lighthouse was reached safely and the boat was then put about for the return to Milneburg. In tacking the yawl careened and her occupants strove to righten her by rushing to the opposite side. This capsized the vessel and all on board were thrown, struggling, into the water.

The screams of the women attracted the attention of a party of men who were fishing from a skiff some distance away and they put off to the rescue at once. William G. Merzenach, one of the fishing party, saved four of the occupants of the yawl, and two others were saved by his companions. The

four victims of the accident sank before their eyes. The persons rescued were taken to Spanish Fort, whence they were sent to Milneburg, and thence back to the city. Search was at once made for the bodies of the drowned, but up to this time none have been found.

ANN ARBOR STRIKE.

Freight Will Not Be Handled Under Any Conditions.

TOLEDO, April 3.—Meetings of engineers and firemen were held in this city yesterday, at which it was decided to stand by the Ann Arbor strikers, no matter what the decision of the court, expected to be handed down today, may be. When asked what action would be taken in case the decision is adverse to them, the leaders say that Ann Arbor freight will not be touched under any conditions. The suggestion that this could not be done with respect to law, in case the courts decided all boycotts illegal, brought out the following statement:

"The injunction has been brought to prevent Chief Arthur from ordering the engineers on roads connecting with the Ann Arbor to refuse to handle the freight and cars for that road, because this is a strike among the engineers and firemen. We have no doubt that the preliminary injunction granted by Judge Ricks will be made perpetual. That does not prevent the men quitting work, does it? The fact is Chief Arthur has not the power to order a boycott or strike any way. The members of the brotherhood simply quit without orders from anyone and it will be a task for the courts to reach the power which causes boycotts by means of injunctions. We shall simply resign from the service of our employes when we are asked to do Ann Arbor business."

Judge Ricks will give his decision today in the cases of the engineers who are charged with contempt of his mandatory order issued on March 11, in Cleveland. He will also read the decision reached by himself and Judge Taft on the application for the perpetuation of orders restraining Chief Arthur from ordering a boycott of the Ann Arbor road or a strike on roads handling Ann Arbor business.

Firemen Anxious For a Settlement.

TERRE HAUTE, Ind., April 3.—Grand Master Sargent of the Brotherhood of Firemen has received a letter from the attorney of the Ann Arbor road saying that President Ashley is anxious to have the trouble with the men adjusted. No direct overtures for a meeting to this end is made, however. Mr. Sargent leaves today for Cedar Rapids, where an adjourned meeting will be held of the executive officers of the various brotherhoods of railway employes. Reports will be made on the progress of the plan of system federation, for which there is a provision in both the Engineers' and Firemen's constitution.

DROUTH IN CUBA.

Animals Dying From Want of Water. Gold at a Premium.

HAVANA, April 3.—Complaints of very dry weather come in from all parts of the island and many animals are dying from the scarcity of water. Very hot weather for March prevailed all of last week, the mercury at noon standing at 90 degrees in the shade. The general health of Havana is good.

Gold Scarce.

The difference between gold and silver is gradually increasing. It is now 10 per cent. Consequently all classes of merchants, to protect themselves, charge their customers 25 per cent more on nearly every article of necessity, excusing themselves from doing this on account of the abundance of Spanish silver. At the cable office one must provide himself with Spanish gold, or no messages will be sent, not even though the sender is willing to lose the discount.

MURDER AND SUICIDE.

A Nebraska Man Instantly Kills His Wife and Himself.

CHADRON, Neb., April 3.—A sensational murder and suicide happened here Saturday in front of the leading houses in the city and at a time when the streets were crowded. Jesse Wooten of Beaver Valley, without warning, shot and instantly killed his wife and then fired a bullet through his own heart.

Wooten was married about six years ago and soon after became afflicted with sciatic rheumatism, which incapacitated him from work and the burden of life fell heavily upon his wife. His disease at times made him abusive and he was wont to beat his wife. This led to a separation, Mrs. Wooten returning to Chadron. With the assistance of friends she was enabled by doing plain sewing to eke out a bare existence. Saturday they met on the street and the tragedy followed.

PAINTERS' STRIKE.

Three Hundred Men Working on the World's Fair Building Go Out.

CHICAGO, April 3.—Three hundred painters working on the world's fair buildings in Jackson park struck Saturday for 40 cents an hour, an increase of 5 cents. At noon Saturday E. D. Allen, the superintendent of painting, and F. D. Millet, the artist in charge of the coloring of the buildings, went over to the manufacturers' building, and Millet endeavored to show the men that they should continue at work because they were getting better wages than they could get down town. Mr. Millet used a good many other arguments without avail.

After Mr. Millet left the buildings, the strikers went about the other buildings and induced all the men to drop their brushes and walk out of the park.

FIVE LIVES LOST.

Some Twenty-Five Other Persons Injured.

FIRE AND PANIC IN A HOTEL.

One Hundred and Twenty-Five People in the Building at the Time of the Breaking Out of the Fire—Names of the Victims.

BRADFORD, Pa., April 3.—A disastrous fire occurred here early Saturday morning, and resulted in the loss of at least five lives and the injury of 25 persons. At 4:20 o'clock fire was discovered in Higgins' hotel, in Main street, and spread with such fury that in a short time the structure was a mass of flames. The hotel was occupied chiefly by railroad men, and there were about 125 persons asleep in the building when the fire started.

When the alarm aroused the sleeping people, a wild panic at once ensued, and many of those who were aroused jumped from windows into the creek below, some being seriously bruised, and others badly burned.

The fire spread to adjoining buildings, and the Buffalo, Rochester and Pittsburg depot and freighthouse were soon destroyed. The flames communicated to Leroy's grocery store, and it was speedily reduced to ruins.

The hotel register was burned, and no accurate list of the missing can be obtained. The firemen are still searching the ruins.

The persons known to be dead are:

Thomas Cullen, Bradford.
F. Havelin, Sunbury.
Miss Georgia Bond, Bradford.
George Park, Bradford.
Baby Tucker, aged 3 years, drowned in the creek.

Several others are missing. It is feared that some of those who jumped from the upper stories into the creek were drowned.

The injured are:

Hal Rhodes, ankle sprained.
James Bryser, face, hands and feet badly cut.

W. D. Drysdale of Johnsonburg, injured internally.
J. D. Cady of Jamestown, hurt about the head.

H. B. Campbell of Bellwood, Pa., arm broken and hip sprained.
Harry Jones, cut about hands, face and head.

James Brisson, carpenter, head cut.
W. J. Holliday, traveling salesman, ankle sprained.

Mrs. Weaver and baby, Hotel Higgins, burned about hands and face.
Juby Hannon, glassblower, cut about hands, face and neck, hair entirely burned off; injured internally.

J. Cody, clerk Higgins hotel, badly burned; jumped from second story window.
W. J. Osborne of Buffalo, injured about the back. It is feared it is broken; considered fatal.

Mrs. Higgins, hurt internally and badly burned.
J. W. Newmeyer, right leg broken.

Mrs. E. Tucker of Elmira, badly burned about the hands, face and body. Mr. Tucker was in the building, but it is not known whether he escaped or not.

W. D. Drycoll, injured internally.
Dick Higgins, son of L. L. Higgins, two fingers on his right hand broken and also burned slightly.

Ted Burns, a member of the Citizen hose, was badly hurt by a falling porch crashing upon him.

B. Pickard, night clerk, leg broken, besides internal injuries; considered very serious.
Cook McNabe, hurt on face and head.

Mike Collins, hand and shoulder injured.
W. J. Halstead, internal injuries.

All the physicians of the city were called to the other hotels, where the injured were placed temporarily. They gave the unfortunate such aid as possible. The Riddle House was transformed into a temporary hospital.

The loss on the buildings destroyed is about \$100,000. The cause of the fire is unknown, but is supposed to have come from a gas stove.

RUN DOWN BY AN ENGINE.

A Mother Saves Her Boy, but Is Herself Ground to Pieces.

CHICAGO, April 3.—At 7 o'clock last night a neatly dressed woman was crossing the Grand Trunk tracks with a little boy at Twenty-sixth street. A locomotive came down on her. She screamed, snatched up her child, and then, as the engine struck her, managed to throw the child clear off the track. The mother's body, thrown high in the air, fell again on the track and was ground up by the locomotive.

The engine that killed her did not stop, though its crew must have known what they had done. The woman wore a gold band ring, bearing inside the inscription "D. F. to E. G. F."

The boy is 4 years of age, and though he talks plainly, could only tell that he "lived with mamma." He plays about the Twenty-second street station in ignorance of his mother's fate.

Four Thousand Houses Burned.

MANILA, Philippines Islands, April 3.—A destructive fire has been raging here for hours. Four thousand houses have already been swept away by the flames and it is feared that some lives were lost. Many persons have been injured while fighting the fire.

WEATHER INDICATIONS.

Fair weather, except light local showers in the lake regions; southwesterly winds.

DEMOCRATS have had control of the Treasury only a month, but the cash account is already making a better showing. The increase in March was over \$2,000,000.

CAPTAIN SAM GAINES in his new position under Secretary Carlisle will receive \$2,500 a year. In his first position the salary was \$2,400. This doesn't look much like Mr. Carlisle has gone back on Mr. Gaines, as the Public Ledger charged.

The Moral in Doubt.

Rather an odd accident happened to a young woman on Park row on Friday. She was handsomely dressed, wearing for a wrap one of the new double decked, balloon rigged capes of velvet, trimmed with fur and lined with colored silk. She was about crossing the street when two men seized her and began pulling and patting the precious cape with their hands.

The woman was badly scared, turned as white as a sheet, and simply stood helpless, gazing at the antics of the men who were dancing about her, and who she thought were highwaymen trying to make off with her new winter wrap. Presently the men tipped their hats and explained that the garment they had been treating seemingly so roughly had been ablaze. Sure enough, there was a big, ugly, black hole eaten out of the velvet of one of the front folds. Probably the wearer in passing some smoker had caught a spark from a cigar or pipe. She thanked the gallants who had come to her rescue and then went on her way, hiding as best she could the damaged part of the garment. It is a question whether the moral of this story is that men should not smoke in the street or women should not wear the new fangled cape.—New York Times.

No Indian War Feared.

VICTORIA, B. C., April 3.—Mr. Cunningham, who came from the north by the steamship Danube, says that Gardner's Inlet and Rivers Inlet Indians laugh at the idea of war with the Kitkatlahs, and say that they have not been near the Kitkatlah village. The latter said they thought that there were some of their enemies waiting for a chance to get a shot at them, but they could not say positively that they had seen any in the vicinity of their village. Cunningham thinks that the trouble is all imaginary.

Ex-Police Officer Shot.

CHICAGO, April 3.—D. J. Olynn, an ex-police officer, was shot and instantly killed Saturday night by Harry McKiver at the latter's home, 2328 Dearborn street, as the result of a quarrel about room rent. Olynn tried to remove his baggage, and when McKiver and his wife objected he knocked them both down. McKiver then drew a revolver and shot Olynn through the heart.

Sold His Children at \$5 Each.

ST. JOSEPH, Mo., April 3.—The wife of Ostrum Boright, a drunken laborer, died here a few days ago, leaving seven little children, all under his care. Boright immediately commenced disposing of his offsprings by giving them to married couples to adopt upon receipt of \$5 for each child. The authorities threaten to prosecute the father.

Congressman Hooker Injured.

WASHINGTON, April 3.—Representative Hooker of Mississippi, who was thrown from a cable car Saturday and injured, is improving, and is now said to be out of danger. His skull has not been fractured, the injury being a concussion of the brain and not serious enough to cause alarm.

SOME goods can not be sold on a guarantee, but Ballenger, the jeweler, never has any of that kind. His stock embraces the very best manufactured, and you will make a mistake if you fail to go to him when wanting anything in the jewelry line.

FORA durable whitewash for trees, fences and outbuildings, the Scientific American gives the following: "One bushel best white lime, slaked in boiling water. Add to the cream four pounds sulphate of zinc and two pounds common salt dissolved in water. Make the mixture thin enough to use with brush. If a light brown color is required, add a little hydraulic cement; or add ochre for yellow and Venetian red for pink or red."

AT Lexington, the Kentucky Stock Farm Publishing Company has filed suit in the Circuit Court against the Adams Express Company for \$5,000 damages. The Stock Farm had prepared to issue a handsome Christmas number last Christmas. A number of cuts of famous horses were made for it in Chicago and were shipped by Adams Express in time for use in the Christmas number. The cuts did not arrive until about the middle of January and therefore they were useless. The Stock Farm suffered materially as a consequence and the suit will be pressed with vigor.

EXECUTIVE COMMITTEE.

The Reorganization Completed—Jas. N. Kehoe, Chairman; John C. Lovel, Secretary.

The re-organization of the Democratic Executive Committee of Mason County was completed Saturday afternoon.

The committeemen chosen the previous Saturday met at the court house at 2 o'clock and effected a temporary organization by the election of James N. Kehoe as Chairman and George W. Rogers as Secretary.

A call of the precincts showed all represented except Minerva, Fern Leaf, Germantown, Sardis, Dieterich's, Washington and East Mayslick.

The contest in Plumville was settled in favor of John W. Mason, after both sides had been given a hearing.

After this contest was settled, James N. Kehoe was unanimously re-elected Chairman of the committee for the term of two years. Geo. W. Rogers was nominated for re-election as Secretary for the same term, but was not a candidate, and he placed James W. Fitzgerald in nomination. Mr. Fitzgerald didn't want the position and he nominated John C. Lovel, the Chairman having previously announced that under a new rule the Secretary was not required to be a member of the committee. A call of the precincts was ordered, and Mr. Lovel was elected, the vote standing eleven for him and four for Mr. Rogers.

This completed the organization and the meeting adjourned sine die. Following is the committee as re-organized: Maysville No. 1—M. J. McCarthy. Maysville No. 2—James N. Kehoe. Maysville No. 3—George W. Rogers. Maysville No. 4—John W. Alexander. Maysville No. 5—James W. Fitzgerald. Maysville No. 6—W. H. Ryder. Plungtown—W. R. Loyd. Dover—James Earnshaw. Minerva—W. H. Hawes. Fern Leaf—J. J. Thompson. Germantown—L. H. Mannen. Murphysville—W. W. Worthington. Sardis—(Failed to hold any meeting). West Mayslick—E. M. Groves. East Mayslick—John Collopy. Helena—S. D. Clarke. Lewisburg—Pearce Calvert. Orangeburg—W. H. Coryell. Washington—Robert Wood. Howe's Tollgate—Robert L. Baldwin. Dieterich's—Henry C. Dieterich. Plumville—John W. Mason.

Naval Rendezvous Hampton Roads.

The Chesapeake and Ohio will sell excursion tickets to Norfolk or Old Point Comfort and return for regular trains leaving Cincinnati April 15, 1893. It was long ago said that the navies of the world could ride in safety in Hampton Roads harbor. The rendezvous, April 17th, will show that this is true, as representative vessels from the greatest nations of the world will meet there and go through many interesting maneuvers. This is something that will only be seen once in a life time. Tickets will be low enough for every one to avail themselves of the opportunity. For further information, apply to C. and O. ticket agents.

County Court.

M. F. Coughlin was granted license to retail spirituous, vinous and malt liquors at his place of business on north side of East Third Street.

John Hayes was granted license to retail spirituous, vinous and malt liquors at his place of business on Fleming pike—East Fourth street.

Rev. A. E. Zeigler was granted license to solemnize the marriage ceremony, and executed bond with J. D. Mayhugh as surety.

Pension Attorneys Hit Hard.

Assistant Secretary Bussey, of the Interior Department, has rendered a decision holding that in claims under the act of June 27, 1890, for increase of pension on the ground of new disabilities, the attorney's fee shall not exceed \$2, thus overruling the Commissioner of Pensions, who had allowed a \$10 fee. It is said that the decision will affect over 200,000 claims.

A SPECIAL from Washington says: "Sam Gaines, of Covington, who has been acting as Secretary Carlisle's Private Secretary, has been transferred to the mails and files division of the Treasury Department. It is a confidential position and pays equally as good salary as the Private Secretaryship. Robt. Wynne, who was Secretary Foster's Private Secretary, and who has held the position as Special Agent of the Treasury, will likely be reappointed to his old position."

Maysville's Distinguished and Eloquent Lawyer Joins the Silent Majority.

An Honored and Beloved Citizen Answers the Final Summons--Brief Sketch of Deceased.

The news of the death of Hon. W. H. Wadsworth, Maysville's distinguished lawyer and honored and beloved citizen, will be learned with sincere sorrow.

He passed away at twenty-five minutes of 9 o'clock last night at the family residence--"Buffalo Trace,"--his death resulting from a stroke of paralysis.

Mr. Wadsworth's health had been failing for several years, but as late as the recent term of the Mason Circuit Court he was able to appear as leading counsel in the Bramel will case. He was to make the closing speech for the contestants in this suit, but before the trial closed he became ill, and that duty fell to others. This was his last appearance in court.

A few days ago it was announced that Mr. Wadsworth was suffering from a severe attack of the grip. There was some improvement toward the close of last week. Sunday morning Mr. W. H. Wadsworth, Jr., called and found his father feeling much better. The patient rested better than usual Saturday night.

Shortly after nine o'clock, the two were engaged in a pleasant conversation. Mr. Wadsworth had just been laughing over some remark when he was suddenly stricken with paralysis, and sank into unconsciousness.

It was seen that the attack was a serious one and the family physician was hastily summoned. The patient was beyond medical skill, however. He never rallied, but gradually grew weaker as the day waned, and passed peacefully away at the hour named.

Mr. Wadsworth had been a sufferer for years from organic disease of the heart, which finally terminated in paralysis and death.

Deceased was born July 4, 1821, and was a native of Maysville. He was a son of Adna Wadsworth, and was the fifth in direct line from General Joseph Wadsworth, of Charter Oak memory. He was a schoolmate, in the Maysville Seminary, with President U. S. Grant, and graduated at Augusta College in 1842, then one of the leading schools of the West. He studied law with Payne & Waller, and began the practice at the Maysville Bar in 1844. He was elected to the State Senate in 1853 from Mason and Lewis counties, serving four years; was elected to the Thirty-seventh Congress in 1861, serving on the Committee on Naval Affairs; was re-elected to the Thirty-eighth Congress in 1863, and served on the Committee on Public Lands; was aid to General Nelson, with the rank of Colonel, at the battle of Ivy Mountain; was a candidate for Elector from the State-at-Large on the Grant and Colfax ticket in 1868, but was defeated; he was tendered the appointment of Minister to Austria by President Grant, but declined; in 1869 he accepted the appointment under President Grant as U. S. Commissioner under the treaty of the previous year with Mexico.

In 1884, yielding to the entreaties of his friends and admirers, he accepted the nomination of his party for Congress, being opposed by Hon. Frank Powers, Democratic nominee. The contest was one of the warmest in the history of the Ninth district, and resulted in his election, his victory being a most notable one under the circumstances.

Such is a brief sketch of deceased. He was conceded one of the ablest lawyers of Kentucky. His reputation as an eloquent and forcible speaker was not confined to his native State.

Learned in the law, clear, persuasive, effective and eloquent in his arguments, he stood at the head of his profession, and fortunate indeed was the litigant who secured his services.

A man of great courage, pleasant and affable in his intercourse with the people, he made friends and kept them, and no one had a larger and stronger personal following than he. Collins, in his history of Kentucky, says the most enthusiastic ovation ever tendered to any public man in the State, north of Lexington, was that spontaneously offered to Colonel Wadsworth in this city in 1861, on his return from the brilliant canvass for Congress against General John S. Williams. Deceased was universally popular, beyond the ranks of his party, at the bar and in social life, says another writer.

Deceased leaves six children, five sons and one daughter. They are A. A. Wadsworth, Charles Wadsworth, W. H. Wadsworth, Jr., John G. Wadsworth, Samuel B. Wadsworth and Miss Bessie Wadsworth. His wife, who was Miss Martha Wood, died December 24, 1891.

The funeral arrangements had not been announced when THE BULLETIN went to press.

They were Miss Iva Dee Allen, of Millersburg, Miss Mary Duncanson Gibson, of Lexington, Miss Georgia Conway, Louisville, Miss Sophie Hardin, of Harrodsburg, Miss Nellie Tracy Burnett, of Shelbyville.

AT Sharpsburg, several drunken hoodlums passed the residence of Mr. Tom Wood and fired into the house, one of the bullets passing by Mrs. Wood's neck, shattering the mirror before which she was standing. The wretches are known and will be arrested. Mrs. Wood is the granddaughter of Mr. and Mrs. Charles Phister, of this city.

THE Greenup Gazette is authority for the statement that S. S. Smith, of the Wurtland neighborhood, has a black Jersey cow about five years old that sheds her horns every spring, and has done so ever since she had horns. Her horns drop off every spring and then come out again, and during the year grow several inches in length, turning in toward the head.

THE new melodrama, "The Smugglers," will be the attraction at the opera house at an early day. The Baltimore American says: "The play has many new and novel ideas, and the scenic and mechanical effects are excellent. There are many good scenes in each act, among them the fight between the revenue cutter and smugglers' craft, and the burning of the ship Petrel in mid-ocean."

THE offertory at the Church of the Nativity Sunday morning amounted to about \$600. This will finish paying for the handsome improvements to this house of worship made a year or so ago, and leave the church free of debt. The faithful rector and his parishioners are to be congratulated. The largest number of communicants in the history of the parish were present yesterday.

CHOCTAW TROUBLE.

The Militia Blamed for the Recent Tragedies in the Indian Territory.

PARIS, Tex., April 3.—The more the actions of the Choctaw militia in the pending trouble is looked into, the worse they appear. Something new is cropping out every day. When Judge Gibbons, United States commissioner at Antlers, went to the militia camp last Sunday and asked them to give him a list of the parties wanted, they furnished him with the following names: Willis Jones, Albert Jackson, Torboon H. Allison, Andrew Williams, Isaac Rueben, Morris Bond, Cole Thomas, Crawford Nail, Isom Holdfield, Cyrus Aaron, Cepheus Williams, Elias Homond.

These he claimed to have processes for. Tuesday, when pressed to name those for whom they had writs by Commissioner Kirkpatrick and Assistant United States District Attorney Lee, they said they only had a writ for Willis Jones, but they wanted Albert Jackson, whom they claimed had taken Jones from the light horsemen. Just before attacking Locke's house they were assured by several that Locke had not seen Jones in two months and knew nothing of his whereabouts. Albert Jackson and his friends deny that he took Jones from the light horsemen. They say Jones made his escape and went to Jackson's house, who broke the shackles off him.

Another rather strange thing is that on Tuesday morning Elias Loving, who was to have been shot at Pashaenstoh for the murder of Granny Covatt, whom he suspected of being a witch, on March 10, who was relieved by Governor Jones, went to Locke's camp and asked to be armed to join his forces. He told Locke that he had been with the militia and had quit them, and wanted to fight for Locke. He was sent away, as he was regarded as a spy sent there by the militia.

Another thing is now known beyond a shadow of doubt. Milton Lowe, a young man and well known citizen, who was working for Locke, plowing, heard the firing and went to the house and started to take the children to an outhouse for safety. They fired at him eight times, he says, and the physical facts corroborate his statement. That they fired a number of shots at Commissioner Gibbons, who went to Locke's house during the battle, is not doubted by any person who has visited the scene and saw the place where he stood on the lower gallery. A number of bullet holes in the lower story show that they were not intended for Locke and any of his men, who were all up stairs. Bullet holes in the fence, along which Gibbons went, show that they were not intended for Locke's house.

These things were done by men not in authority and against the orders of the captain. They made no demand on Locke for anyone when they charged on his house. When their captain searched the house he said there was no one there that he wanted. It is now known that Dukes was informed just before he charged on the house that Locke was at home alone, and was told that then was the time to get him.

Agent Bennett Saturday took Ben Spring's commission from him as Indian police for participating in the attack on Locke's house. Agent Bennett has just left Goodland bearing propositions for settlement to be submitted. The matter will come to a head within the next 48 hours.

CHICAGO TRAGEDY.

A Young Girl Shot by Her Lover Who Ends His Own Existence.

CHICAGO, April 3.—Miss Effie Clark of Spokane, Wash., a member of the Northwestern university freshmen class, was shot and killed about 7 o'clock Saturday evening by F. Ross Smith of 717 Avers court, Evanston. Smith then shot himself, producing a wound from which he died yesterday morning. The cause of the tragedy was Miss Clark's rejection of Smith as a suitor.

Miss Clark, who was 19 years old, was the daughter of well to do parents at Spokane Falls. Her slayer was 23 years old, and for a long time has been an ardent suitor for the hand of the dead girl. His attentions were repulsed by the parents of the young girl and by the Miss Clark herself. The latter was sent to school at Evanston in order to free her from the persistent attentions of young Smith, but he followed her, and for some time has been staying at a house near where Miss Clark boarded.

Saturday evening he called at the boardinghouse and, after a few minutes conversation, prevailed upon Miss Clark to accompany him for a walk. The pair had not gone far when Smith was seen to draw a revolver and within a few seconds fired two shots. Two shots took effect in Miss Clark's head with fatal effect. Then Smith directed three shots towards himself, producing fatal wounds. The dying girl was cared for by friends, but only survived a few minutes.

TOBACCO FACTORY BURNED.

A Loss of Four Hundred Thousand Dollars, Covered by Insurance.

NEW YORK, April 3.—The 7-story brick building at 709 and 711 Second avenue, with a frontage of 80 feet on East Thirty-eighth, which was formerly occupied by the firm of W. Duke, Sons & Company as a cigarette factory, but more recently by the American Tobacco company, of which J. B. Duke is president, as a manufactory of smoking and chewing tobacco, was destroyed by fire early yesterday morning. James B. Duke places the total loss at \$400,000. This loss is wholly covered by insurance.

Between 500 and 600 girls were employed in the building. The news of the disaster had scarcely reached the managers of the company when arrangements were made to send them all to Baltimore, where they will find temporary work in the factory of Gale & Company. The stock was valued at \$60,000, the machinery at \$20,000 and the building at \$100,000.

Valuable Timber Destroyed.

PETERSBURG, Va., April 3.—A fierce fire is destroying some of the best timberlands in this state and in North Carolina, along the line of the Petersburg and Weldon and Wilmington and Weldon railroads. The fire covers an area of over 100 miles.

Little Village Almost Wiped Out.

MACOMB, Ills., April 3.—The village of Bardolph, seven miles northeast of this city, was Saturday visited by a conflagration that consumed the business part of the town, with the exception of one store. The fire started in the frame building occupied by Knapp & Randolph, druggists, and in a few minutes, the town being without adequate fire apparatus, the flames were beyond control. Seven business buildings, a barn and the Presbyterian church were destroyed with most of their contents. The fire was caused by a 60-gallon gasoline tank exploding in the drug store.

Secretary Morton Has a Plan.

WASHINGTON, April 3.—Secretary Morton of the department of agriculture has devised a plan to test the fitness of applicants for positions in the department that are not governed by civil service rules. Each aspirant in filing his application will be required to answer certain questions as to moral and physical fitness and also questions bearing upon the work he desires to perform. This will enable the secretary to more accurately determine the qualifications of applicants and attain a high standard of work in the department.

PUTNAM, Conn., April 3.—Joseph Dumas, a French lad, 14 years old, when standing on the track yesterday, was run over by six box cars. Being small and keeping his presence of mind, he managed to avoid the wheels, but the last car broke his leg. It is expected he will recover.

Ex-President Gonzales Seriously Ill. CITY OF MEXICO, April 3.—Ex-President General Manuel Gonzales is not expected to live more than six weeks. He is enormously rich, his estates amounting to over 2,000,000 acres of some of the best land in Mexico.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
